

ISA UK/I & CAS present

Expert's Question Time

In association with the Royal
Botanical Gardens Kew

with two of the UK's
leading experts of tree
safety, Dr. David Lonsdale
and Jeremy Barrell.

Dr. David Lonsdale and Jeremy Barrell have been engaged as experts in numerous tree safety cases, including attending court cases. For the first time, they share the platform and discuss their experiences and the implications for the modern arborist.

The day will start with David and Jeremy each share about their thoughts on tree safety based on recent court decisions. They will then invite questions from the audience and co-host a forum discussing issues raised. This will form much of the day.

This unique day is the centre piece of the ISA (UK&I)'s 21st anniversary celebrations.

£55 for ISA (UK&I), CAS, AA & LTOA and MTOA members

£75 for non-members

£25 for students (the first 20 students to book, providing they are on a recognised full time course, and are under 25)

The Venue: **The Jodrell Theatre, RBGK**

The Time: **9.30-4.30**

The Date: **Tuesday 25th June 2013**
